

Great science plays here.

York University | Science Engagement Programs Children's Workshops at Erin Meadows Library

Saturday, April 29th, 2017

Register now for children's science workshops delivered by York University's renowned Science Engagement Programs. Workshops are designed for children from Grade 3 to Grade 8.

- **EYE-R – 9:30am to 10:45am (Ages 8 to 10)**
Students will learn about different forms of electromagnetic radiation and its harmful effects on the human eye.
- **Animal Adaptations– 11:00am to 12:30pm (Ages 8 to 10)**
Students will investigate the principles of evolution and build models of animals adapted to various environments.
- **Thermos– 1:00pm to 2:15pm (Ages 11 to 14)**
Students will investigate the properties of different materials and their ability to retain, transfer, repel and absorb heat.
- **Water Filtration– 2:30pm to 3:45pm (Ages 11 to 14)**
Students will construct water filtration devices and investigate how improper disposal of harmful contaminants has serious impacts on animal and human health.

To register, please visit Erin Meadows Library or Phone 905-615-4750.
